# High pressure on self-adhesive bottom mouldings

# TP1 and TP3: The lock and key solution

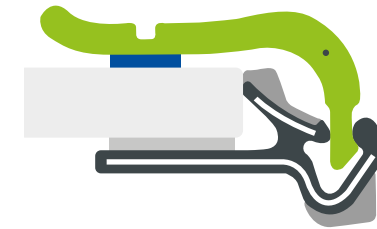

- Provides support throughout the whole transport and storage chain
- Ready in a minute
- Maximum stabilisation
- Prevents deforming or detachment

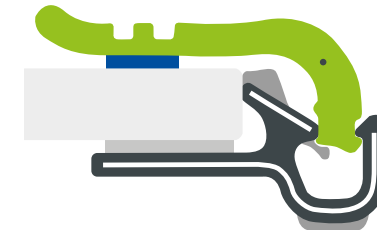

# Modern protection that pays off

- 900 different windscreens protected by only two versions:

## TP1 for small insert sections

## TP3 for wider insert sections

- Perfect fit ✓
- Tape liner keeps everything in place
- Safe transport and storage
- No need to repair or replace
